E-IMAGE

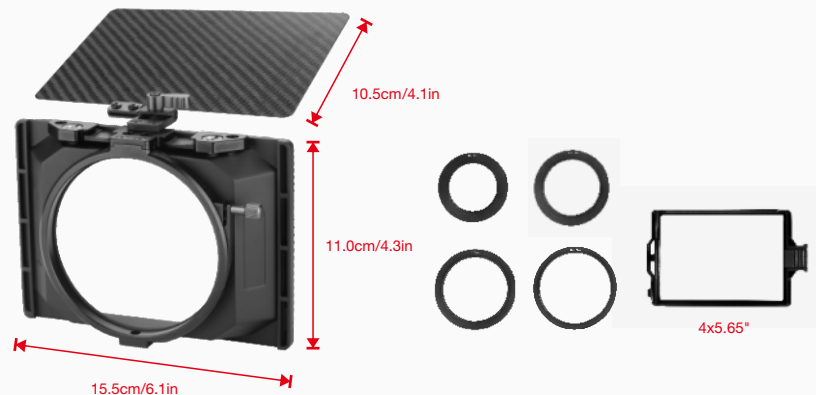

MK06

Mini Matte Box

Introduction

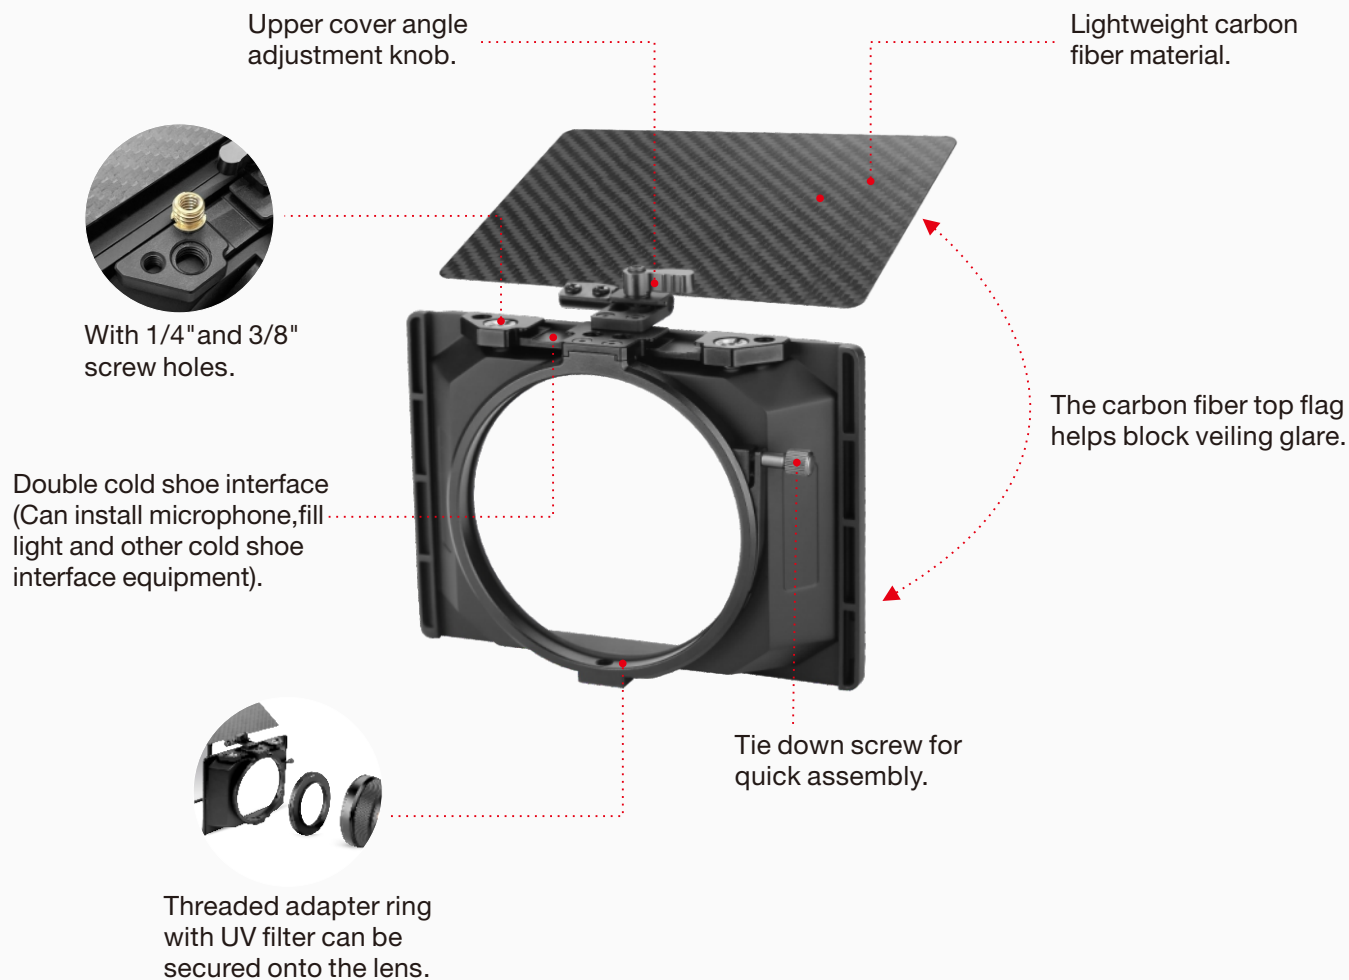

The E-IMAGE MK06 mini matte box is compact and lightweight, suits for small DSLR or mirrorless cameras. It comes with one filter tray and included 67, 72, 77, and 82mm adapter rings, allow you to use the matte box with lenses of different sizes and diameters. The included carbon fiber top flag helps block veiling glare or bright reflections from striking your lens, and it can be folded down to cover the front of the matte box and provide protection to the front of your lens.
